

Weekly Spelling Menu

Your first job is to sort your words into their categories. Then, choose three activities for the week. You must choose one activity from each column. These activities will be due every Friday. You will complete them on separate pieces of paper. Write the name of the activity on top of the page. Your goal is to learn how to correctly spell your words, so if you need to take additional time to study, please do so!

Column 1	Column 2	Column 3
